*to whom we  
dedicate this book*

The yearbook staff dedicates the 1981 Spartiate to Mr. Tom Carroll for his countless hours of service to both athletics and academics.

Change is an integral part of Damien and the greater world. Without it, both would cease to function. And yet, change is beneficial, only if the systems to be changed are built upon strong foundations. Tom Carroll's presence guarantees that Damien will survive any changes that the future may bring.

And so to you, we dedicate our efforts.

A thrilling fight wrights during the summer, the 1980 Damien Spartans opened the season with a 21-14 loss to Pasadena. The following week led by Dave Turney's 91 yards rushing, a full Spartan squad defeated San Gabriel 21-7. Damien's home opener, a 34-0 blitz of California saw quarterback Scott Larson in complete 14 of 20 passes (3 for touchdowns) for 250 yards. He also ran for a TD on his own. In the league opener, Damien led by jumping Joe Fee's 124 yards rushing and Bryan Goodrich's 55 yard scamper on a fumble return, defeated Glendora 14-3. Don Lugo's offense was neutralized by the Spartan's swarming defense in Damien's 7-0 victory. Damien's Homecoming show down with Claremont saw an outstanding defense. Earl Weimerat, The Big D, held Claremont to a meager 6 offensive yards in the first half. The defense held up the game, only a touchdown by Mike Alexander caused a Claremont fumble and Bryan Goodrich recovered on the Wolf pups 1 yard line. Against Canesha things were a lot more serious. The Spartan's defense saw its strongest consecutive quarters without a TD broken at 20 as the Giants scored in the second period to tie the score at 7-7. The Giants scored with 7:18 left in the final period to beat the Spartans 14-7 in what proved to be the game for the league championship. The next week, the Spartans defeated an inspired Upland team 30-10 on the strength of three third quarter touchdowns by Dave Turney. End and Safety Yogi Spence was lost for the season as he suffered a separated shoulder in the second period. Against Chaffey, Mark Bennett's 3 interceptions and Scott Larson's booming punts kept the Tigers at bay for most of the game. The Spartans prevailed 14-12 to assure themselves of a playoff berth. Damien played its worst game of the season against league doormat Alta Loma and was defeated 16-14.

Damien opened the playoffs by crushing Rancho 20-0. Fine defensive play and gaping holes by the offensive line were keys to the victory. Against Arlington, turnovers kept the Spartans from blowing out the Lions. The turnovers came back to haunt them as Damien suffered a heartbreaking 22-14 loss.

The Spartans finished the season with an 8-4 record. Realistically, the Spartans knew they should have been 11-1 and in the semi finals. However more important than any of the wins or losses was the team spirit the Spartans possessed. In unity and desire for excellence, this team will never be surpassed. 1980 Spartans, you deserve a hand.

Head coach Al Mistri, with the assistance of Father Peter Dennis and Gerard Keneally did a great job working with this team.

Have you ever wondered what the teachers, administrators, and sundry personnel at Damien do when they are not telling you to be quiet, calling you to the office to pick up the lunch you forgot on the kitchen counter or cleaning up the horrible mess that you leave every noon in the lunch area? Well, dear friends, there

is more to life than staff meetings, planning lessons, or correcting papers. Little do you know that behind the placid exteriors of each Damien staff member lurks a celebrity accustomed to living the fast life that we only read about in *People* magazine or *The National Enquirer*. It is even rumored that a certain faculty

member who shall remain nameless, was seen dining at Chasens with that idol of every barnyard bachelor, that matinee-madonna of *Muppet Movie* fame — Miss Piggy! And that's not the half of it! So dear readers, hold onto your Calvin Kleins, for this reporter regards it as his personal duty to treat you all to an intimate glimpse into the lives of Damien's staff

# *CAMPUS LIFE*

A black and white photograph showing a large, dark, heavily textured object, possibly a piece of fabric or a large rock, with a small, light-colored rectangular object placed next to it for scale. The texture of the dark object is irregular and mottled. The small object is a plain, light-colored rectangle.

Junior spirit at its best

How lovely is your dwelling place,  
O Lord of hosts!  
My soul yearns and pines  
for the courts of the Lord  
My heart and my flesh  
cry out for the living God  
Even the sparrow finds a home,  
and the swallow a nest  
in which she puts her young —  
Your altars, O lord of hosts,  
my king and my God!

Happy they who dwell in your house!  
continually they praise you  
Happy the men whose strength you are!  
their hearts are set upon the pilgrimage!  
When they pass through the valley of the  
mastic trees, they make a spring of it,  
the early rain clothes it with generous growth  
They go from strength to strength,  
they shall see the God of gods in Zion

Psalm 84

Linda Luna, Polly Bowen, Anne O'Neill, Cyndie Borba, Jenny Schwan and Beth McKeown, these were the names given to the Senior Class among which they were to select the Queen for the 1980 Homecoming. Several hours and many ballots later, Anne O'Neill was crowned during halftime ceremonies.

The next evening students and faculty alike gathered at the Puddingstone pavillion for a night filled with music and dancing. Needless to say, it was a night to remember

Life — so they say  
Is but a game and they let it slip away  
Love — like the Autumn sun  
Should be dying but it's only just begun  
Like the twilight in the road up ahead  
They don't see just where we're going  
And all the secrets in the universe  
Whisper in our ears and all the years will come and go  
And take us up, always up

We may never pass this way again  
We may never pass this way again  
We may never pass this way again

Dreams — so they say  
Are for the fools and they let them drift away  
Peace — like the silent dove  
Should be flyin' but it's only just begun  
Like Columbus in the olden days  
We must gather all our courage  
Sail our ship out on the open sea  
Cast away our fears and all the years will come and go  
And take us up — always up

We may never pass this way again  
We may never pass this way again  
We may never pass this way again

So I wanna laugh while the laughin' is easy  
I wanna cry if it makes it worthwhile  
I may never pass this way again  
That's why I want it with you  
Cause you make me feel like I'm more than a friend  
Like I'm the journey and you're the journey's end  
I may never pass this way again  
That's why I want it with you baby

We may never pass this way again  
We may never pass this way again  
We may never pass this way again  
We may never pass this way again

You, who are on the road, must have a  
code, that you can live by  
And so, become yourself, because the  
past, is just a goodbye

Don't you ever ask them why, if they told  
you, you would cry  
So just look at them and sigh — and know  
they love you

Teach your children well, their father's  
hell, will slowly go by  
And feed, them on your dreams, the one  
they picks, the one you'll know by

And you, of the tender years, can't know  
the fears, that your elders grew by  
And so, please help them with your youth  
— they seek the truth,  
before they can die

Teach, your parents well, their children's  
hell will slowly go by  
And feed, them on your dreams, the one  
they picks, the one you'll know by

How many roads must a man walk down  
before you can call him a man?  
Yes and how many seas must a white dove  
sail, before she sleeps in the sand?  
Yes and how many times must the cannon  
balls fly, before they're forever banned?  
The answer my friend is blowin' in the  
wind,  
The answer is blowin' in the wind  
How many times must a man look up,  
before he sees the sky?  
Yes and how many ears must one man  
have before he can hear people cry?  
Yes and how many deaths will it take 'till  
he knows that too many people have  
died?  
The answer my friend is blowin' in the  
wind,  
The answer is blowin' in the wind.  
How many years can a moutain exist  
before it's washed to the sea?  
Yes and how many years can some people  
exist before they're allowed to be free?  
Yes and how many times can a man turn  
his head, pretending he just doesn't  
see?  
The answer my friend is blowin' in the  
wind,  
The answer is blowin' in the wind.

The long and winding  
road that leads to your  
door  
Will never disappear. I've  
seen that road before.  
It always leads me here.  
Lead me to your door.

The wild and windy night  
that the rain lashed away  
Has left her full of tears  
crying all the day  
Why leave me standing  
here? Let me know the  
way.

Many times I've been  
alone, and many times I've  
cried.

Many ways you'll never  
know the many ways I've

tried  
And still they lead me  
back to the long, winding  
road  
You've left me standing  
here a long long time ago  
Don't leave me waiting  
here. Lead me to your  
door

But still they lead me back  
to the long winding road  
You left me standing here  
a long long time ago  
Don't keep me waiting  
here. Lead me to your  
door

Desperado, why don't you come to  
your senses?  
You been out ridin' fences for so  
long now  
Oh, you're a hard one, I know that  
you got your reasons,  
These things that are pleasin' you  
can hurt you somehow

Don't you draw the Queen of  
Diamonds boy, she'll beat you if  
she's able  
You know the Queen of Hearts is  
always your best bet  
Now it seems to me some fine  
things have been laid upon your  
table,  
But you only want the ones that you  
can't get

Desperado, oh, you ain't gettin' no  
younger,  
Your pain and your hunger, they're  
drivin' you home  
And freedom, oh freedom, well  
that's just some people talkin',

Your prison is walkin' through this  
world all alone

Don't your feet get cold in the  
wintertime?  
The sky won't snow and the sun  
won't shine,  
It's hard to tell the nighttime from  
the day  
You're losin' all you highs and lows,  
Ain't it funny how the feelin' goes  
away?

Desperado, why don't you come to  
your senses?  
Come down from your fences, open  
the gate  
It may be rainin', but there's a  
rainbow above you  
You better let somebody love you  
let somebody love you  
You'd better let somebody love you  
before it's too late

In the day we sweat it out in the streets  
of a runaway American dream  
At night we ride through mansions of  
glory in suicide machines  
Sprung from cages out on Highway 9  
Chrome wheeled, fuel injected  
And steppin' out over the line  
Baby this town rips the bones from your back  
It's a death trap it's a suicide rap  
We gotta get out while we're young  
Cause tramps like us, baby we were born to run  
Wendy let me in I wanna be your friend

want to guard your dreams and visions  
Just wrap your legs round these velvet runs  
And strap your hands across my engine  
Together we could break this trap  
We'll run till we drop, baby we'll never go back  
Will you walk with me out on the wire  
Cause baby I'm just a scared and lonely child  
But I gotta know how it feels  
I want to know if your love is wild  
Girl I want to know if love is real

Beyond the Palace hemi-powered drones  
scream down the boulevard  
The girls comb their hair in rear-view mirrors  
And the boys try to look so hard  
The amusement park rises bold and stark  
Kids are huddled on the beach in a mist  
I wanna die with you out on the streets tonight  
In an everlasting kiss

The highways jammed with broken heroes  
On a last chance power drive  
Everybody's out on the run tonight  
But there's no place left to hide  
Together, Wendy, we can live with the sadness  
I'll love you with all the madness in my soul  
Someday girl, I don't know when  
we're gonna get to that place  
Where we really want to go  
And we'll walk in the sun  
But till then tramps like us  
Baby we were born to run

John Corrington Master of the Cage

all i need is what you've got  
 all i tell is what you're not  
 all you know is what you hear  
 i get this way when you come near  
 then i know it's gone too far  
 oh oh i touched your star  
 and it felt so right  
 like the hush of midnight  
 until you said  
 with me it's touch and go  
 all i need is you tonight  
 i'm flying like a cement kite  
 in your headlock on the floor  
 who could ever ask for more  
 all i want is you tonight  
 i guess that dress does fit you tight  
 and how that look does make me shake  
 it almost looks too good to take

You can play the game and you can act out the part  
 Though you know it wasn't written for you  
 But tell me how can you stand there with your broken heart  
 Ashamed of playing the fool  
 One thing can lead to another; it doesn't take any sacrifice  
 Oh, father and mother, sister and brother,  
 If it feels nice, don't think twice  
 Just shower the people you love with love;  
 Show them the way that you feel  
 Things are gonna work out fine, if you only will  
 Shower the people you love with love,  
 Show them the way that you feel  
 Things are gonna be much better if you only will  
 You can run but you cannot hide,  
 This is widely known  
 And what you plan to do with your foolish pride

When you're all by yourself alone  
 Once you tell somebody the way that you feel  
 You can feel it beginning to ease  
 I think it's true what they say about the squeaky wheel,  
 Always getting the grease  
 Better to shower the people you love with love,  
 Show them the way that you feel  
 Things are gonna be just fine, if you only will  
 Shower the people you love with love; Show them the way you feel  
 Things are gonna be much better if you only will  
 They say in every life, they say the rain must fall  
 Just like a pouring rain, make it rain  
 Love is sunshine

When we grew up and went to school  
There were certain teachers who would  
Hurt the children anyway they could  
By pouring their derision  
Upon anything we did  
And exposing every weakness,  
However carefully hidden by the kids  
But in the town, it was well known  
When they got home at night, their fat and  
Psychopathic wives would thrash them  
Within inches of their lives.

### *The Happiest Days of Our Lives*

We don't need no education!  
We don't need no thought control!  
No dark sarcasm in the classroom!  
Teachers, leave the kids alone!  
Hey, teachers, leave us kids alone!  
All in all, it's just another brick in the wall  
All in all, you're just another brick in the wall

Russell Pina displaying his pride during spirit week

I can see you in the morning when you go to school  
Don't forget your books, you know you've got to learn the golden rule  
The teacher tells you "Stop your play and get on with your work  
And be like Johnny-too-good Don't you know he never shirks?"  
He's comin' along

After school is over, you're playin' in the park  
Don't be out too late Don't let it get too dark  
They tell you not to hang around learn what life's about  
And grow up just like them, won't let you work it out  
And you're full of doubt

Don't do this and don't do that  
What are they trying to do? Make a good boy of you!  
Do they know where it's at?  
Don't criticize... they're old and wise  
Do what they tell you to... don't want the devil to  
Come and put out your eyes

Maybe I'm mistaken expecting you to fight  
Or maybe I'm just crazy I don't know wrong or am right  
But while I'm still livin', I've just got this to say  
I always up to you If you wanna be that, wanna see that, wanna see  
that way  
You're comin' along

And some upperclassmen even act like sophomores.

all steaks are not created equal.

Serving great steaks is no accident. And even if you've been eating at a lot of fine steakhouses, you may be in for a pleasant surprise at the Cask 'n Cleaver.

From our "blind taste test," to hand picking our meats, to serving only Corn Belt beef, to careful aging, to cutting your steak to order, to searing and sealing in natural juices and flavor, to really warm service, no one does more to serve you a better steak and great things to go with it than the Cask 'n Cleaver.

If you're a high school senior or graduate, you can sign up now, under the Delayed Entry Program. Choose the skill training you want, and the Army guarantees your choice in writing. You then have up to 12 months to report for duty. You may also get a choice of duty station. See if you qualify.

Who are those guys? They are not extras from "American Graffiti." They are not Elizabeth Taylor's former husbands. They are not even football players early in the season. So who are those guys?

Once upon a time these distinguished looking gentlemen wandered some of the same walkways and sat in some of the same classrooms that still serve hundreds of students and teachers twenty years later. Friday night parties, detentions, initiation, and exams, along with an occasional cheat sheet or two, were not unknown to them. And yes, despite what you may think about their hair, or lack of it, the opposite sex still found a few of them attractive enough to eventually want to marry them. One thing led to another and so twenty years later, some of their sons have come back to haunt the same hallowed halls that are all a part of the one, the only, the incomparable. Damien High School. Happy 20th gentlemen!

# LACONIAN

"Overseeing the production of the Damien 'Lacanian' this past year has been an extremely interesting experience for me. It has disappointed me, and thrilled me, all at the same time. But most of all, it has rewarded me with the knowledge that I will forever be associated with it, in which I can confidently state that the various issues produced throughout the year clearly displayed, for the most part, an excellent example of responsible and creative journalism. Thank you, Mrs. Carney

The year is over. The doors are closed for the summer. Lockers are cleaned out; classrooms are repainted. It's summer vacation at the Big "D." 1980-1981. Another year, another yearbook. For the Freshmen it was a period of adjustment, familiarity for the Sophomores, anticipation for the Juniors, and the Quad for the Seniors. It was a year of challenges, of surprises, of difficulties encountered and hopefully conquered. A year of fun, of games, of work, and yes, detentions. A year of complexities and simpleness. The year is over. Many memories have been made. Many friendships have been shared. And yet there's so few days left to say goodbye, to everything, for all, forever.

RANDY LOPEZ

*"Now this is not the end.  
It is not even the beginning  
of the end.  
But it is, perhaps, the end  
of the beginning."  
Sir Winston Churchill*

As the Editor of the **1981 Spartiate** I feel that it is my job to explain to all, the feelings of this year's staff, and the pleasures and hardships of putting together this book. The many hassles that we had, the deadlines nearly missed and our advisor always — well, you know! I can't say it was all easy or fun, but it was a challenge, and I just hope that the effort put forth by the "Mentally Gifted Minors" will merit mention in your wills.

We, (The Yearbook Staff), tried very hard to make this year's book different from all others. In doing so, we completed a work which contains a little bit of each of us. It is the effort of only 11 different people, but by putting our best individual talents into this book, we feel we were successful in giving Damien a fine yearbook.

Thanks again to all who helped the staff and me, especially the teachers, who let us out of class to work on this beast. Thank you, Mr. Mocharnuk, for helping us as much as you did and for letting us do things our own way! It was really appreciated. I hope everyone enjoyed this yearbook and will cherish it forever. Goodbye Damien, it's been electric!!!
